OBJECTIVE

Seeking a position as Software Test Engineer in the competitive information technology industry, to utilize my skills and abilities that offers professional growth while being resourceful, innovative, and flexible.

PROFESSIONAL EXPERIENCE

⇨ Having **3 years of experience** in **Manual Testing.**
⇨ Understanding business flow of the **Functional Requirement**.
⇨ Creation of the functional scenarios using test Analysis.
⇨ Involved in **Test case writing, Execution and Maintenance**.
⇨ Involved in preparing **test data for functional testing**.
⇨ Knowledge in Software Development Life Cycle (SDLC) and wide exposure to complete Testing Life Cycle (TLC).
⇨ Performing **User story testing, Functional testing, System testing, User acceptance testing , Black box testing, Regression testing, sanity testing and migration testing, Localization**.
⇨ Tested the Application by carrying out **Smoke Testing and Ad-hoc testing**.
⇨ Involved in the full **software development lifecycle** and **software Test Life Cycle**.
⇨ Follow complete testing process like requirement analysis, writing test cases, executing test cases, reporting defects.
⇨ Expert in Defect Tracking and Reporting using **Team foundation server.**
⇨ Experience of working in an agile methodology environment using **Scrum**.
⇨ Experienced and good knowledge on **Mobile APK** with both **Android and iOS** mobile app testing.
⇨ Having knowledge in SQL.
⇨ Experience in API (postman).

AUTOMATION SKILLS

⇨ Good in using test automation tools such as **Selenium WebDriver**.
⇨ Automation testing scripts for Web based applications.
⇨ Basic knowledge on **TestNG framework** for Unit testing, **Maven for Project building tool, Jenkins for Continuous Integration**.
⇨ Basic knowledge of **Page object model** framework type.
⇨ Knowledge of CSS and XPath.
⇨ Practice of Performing Operation on browser, Mouse Operation.
⇨ Knowledge of Handling Frame.

JAVA SKILLS

⇨ Basic knowledge on Object Oriented Programming (OOP) concept.

WORK EXPERIENCE (3 Years)

⇨ Working as **Software Test Engineer** in **QAIndia,** since May 2016 to till date.

PROJECT DETAILS

Project 1:

Project Name: Medrio eClinical Research
Role: Software Test Engineer
Domain: Health Care
Team size: 23

Description : Medrio provides web-based **Electronic Data Capture (EDC)** and analysis software for clinical research, including study design guard rails, data entry forms, management reports and statistical analysis.

Roles and Responsibilities:

- Understanding the **requirement** of the client.
- Performed **Black Box testing** of the application.
- Extensively involved in writing test cases.
- Involved in **Reviewing and updating test cases**.
- Executed test cases manually and analyze the test result.
- **Patch deployment** over production environment.
- Performed Ad-hoc Testing on new **User stories**.
- Work involves writing bug reports and reporting bugs using bug tracking tool.
- Helped the development team in reproducing the defects.

Project 2:

Project Name: eSource and **ePro** (Medrio) **Mobile Applications**
Role: Software Test Engineer
Platform : Android and iOS

Description : Capture Electronic data using mobile application online and offline.

Roles and Responsibilities:

- Understanding the requirement of the client.
- Capture the build from **Build distribution system.**
- Checking crash into Crashlytics (**Fabric link**).
- Perform smoke, regression and ad-hoc testing.
- Performing data operation **Offline and Online.**
- Checking data integrity (Sync) from Mobile to Web appication
- Extensively involved in testing Android and iOS based mobile applications.

TECHNICAL SKILLS

Testing Tools	Selenium WebDriver
Languages	JAVA
Web Technologies	HTML,CSS
Test Framework	TestNG
Web-Debugging Tool	XPath, Firepath, Firebug
Build Tool	Maven
Processes	Agile-Scrum
Bug Tracking Tools	Team foundation Server
Continuous Integration Tools	Jenkins
Version Control	GIT
Data Bases	Oracle
Operating Systems	Windows (7 & 10)

ACADEMIC QUALIFICATION

⇨ **Master of Computer Application**, From Sinhgad Institute Of Management,Wadgoan,Pune, in 2015 with 63.57%
⇨ **Bachelor of Computer Application,** From Gourishankar College of Computer Science, Satara, in 2011 with 67.03%

KEY STRENGTH

- Capable of working in team or individually and take up responsibility
- Good observer and hard worker.

I hereby certify that all the information provided by me is true to the best of my knowledge.
